## Birds of The Arboretum at Penn State

This checklist includes all birds that have been known to occur within the Arboretum or that should occur within the Arboretum. The checklist also includes the time of year each species is most likely to occur.

**R** = Resident species likely to be seen year-round

**SR** = Summer Resident (May–August)

**M** = Seen on migration (March–May, August–October)

**WR** = Winter Resident (November–February)
