

Marilyn Quigley Gerhold Wildflower Trail and Hartley Wood

Initial funding provided by Henry Gerhold in memory of his wife, Marilyn Quigley Gerhold, to encourage people to enjoy and learn about native wildflowers and appreciate nature.

Through the Gerhold Wildflower Trail project, The Arboretum at Penn State is restoring native plant populations in Hartley Wood, a rare old-growth forest parcel. Through ongoing stewardship we are securing the future of this unique habitat.

LEGEND

- GERHOLD WILDFLOWER TRAIL
- LIMESTONE TRAIL
- MAPLE LOOP
- UPPER BLUFF TRAIL
